ADVANCED REMOVABLE PARTIAL DENTURE DESIGNS

INSTRUCTORS:
Igor J. Pesun, DMD, MS, FACP, FRCD(C), FICD(C)
Associate Professor; Head; Division of Prosthodontics,
Department of Restorative Dentistry, College of Dentistry,
Rady Faculty of Health Sciences, University of Manitoba

Michael Barczak, DMD, MSc, FRCD(C)
Lecturer; Department of Restorative Dentistry,
College of Dentistry, Rady Faculty of Health Sciences,
University of Manitoba

COURSE OVERVIEW:
This program is for practitioners who wish to incorporate the latest concepts and materials into their practice when restoring the partially-edentulous patient. Considering all of the options available to resort missing teeth for patients, the use of removable partial dentures is still one of the most popular methods, due to its relatively low cost. This hands-on program will provide dentists an opportunity to review the concepts for removable partial dentures, and introduce more esthetic designs and the use of dental implants and attachments for their patients. The program will review diagnosis, treatment planning, patient evaluation, implant usage, and advanced designs for removable partial dentures.

During the hands-on sessions, various cases will be provided to allow for instruction on the design of removable partial dentures using these advanced techniques. During the hands-on laboratory sessions held at the College of Dentistry, participants will design advanced prostheses. Please note: We encourage participants to bring cases of their own for discussion.

SATURDAY, JANUARY 14, 2017
UP TO 6 HOURS CDE CREDIT

LOCATION:
D112A Alpha Omega
College of Dentistry, University of Manitoba
780 Bannatyne Avenue, Winnipeg, MB

REGISTRATION: 8:30AM
LECTURE: 9:00AM

REGISTRATION FEE:
Full day: $450
Lecture only (AM): $200
Continental breakfast and lunch provided

REGISTRATION DEADLINE:
January 6, 2017

ONLINE REGISTRATION:
Methods of payment are by AMEX or MasterCard, Visa
Register online at cpd-umanitoba.com

PREREQUISITES:
None.
ADVANCED REMOVABLE PARTIAL DENTURE DESIGNS
SATURDAY, JANUARY 14, 2017

LEARNING OBJECTIVES:
Upon completion of this course, participants will be able to:
• Evaluate a patient’s edentulous state and classify the complexity of their care based on the American College of Prosthodontics Prosthodontic Diagnostic Index.
• Identify the various component parts of a removable partial denture.
• Describe the indications for intra-coronal and extra-coronal attachments.
• Describe alternative designs that use more esthetic components and when to use them.
• Complete a removable partial denture prescription for a laboratory to fabricate the framework for a removal partial denture.

AGENDA:
08:30 – 09:00 Registration
09:00 – 12:00 Lecture:
Diagnosis of the pattern of partially edentulous patients
- Component parts of RPDs
- Basics of Design
12:00 – 13:00 LUNCH
13:00 – 16:00 Lecture and Hands-on workshop:
- Advanced design features
- Design and prescription writing

STUDY CREDITS
This course is designed for up to 6 hours of Continuing Dental Education Credits.

This activity has been planned and implemented in accordance with the standards of the Academy of General Dentistry Program Approval for Continuing Education (PACE) through the joint program provider approval of Casey Hein & Associates and the College of Dentistry, University of Manitoba. Casey Hein & Associates is designated as an Approved PACE Program Provider by the Academy of General Dentistry. The formal continuing education programs of this program provider are accepted by the AGD for Fellowship, Mastership and membership maintenance credit. Approval does not imply acceptance by a state or provincial board of dentistry or AGD endorsement. The current term of approval extends from December 1, 2015 to November 30, 2019. Provider ID# 337890 AGD Code: 149
