OUR MISSION

The Continuing Professional Development (CPD) Program of the College of Medicine strives to improve the quality of health care in Manitoba by providing excellent, needs-based educational activities to physicians and other health professionals that produce changes in knowledge, skills, attitudes and behaviours.

OVERVIEW

Canadians are living longer and healthier lives, but care of the elderly and the multi-morbidity that accompanies aging is a challenge for health providers. This signature interprofessional learning day will offer busy practitioners of all disciplines a crucial update on optimizing the work we do with elderly patients/clients and their caregivers. A visiting keynote speaker will kick off this much anticipated event!

THIS PROGRAM WILL BE OF INTEREST TO

Family physicians, specialists, nurses, family medicine residents, physician assistants, pharmacists, rehabilitation professionals and other health professionals.
