

# DENTAL MANAGEMENT OF THE IMMUNOCOMPROMISED PATIENT

## INSTRUCTOR:

**Nelson Rhodus, DMD, MPH, FICD, FRCSEd**  
Diplomate, American Board of Oral Medicine

Morse Distinguished Professor and Director of the Division of Oral Medicine, Oral Diagnosis and Radiology, Department of Diagnostic and Surgical Sciences, University of Minnesota School of Dentistry

## COURSE OVERVIEW:

Within the expanding population of older people, more patients are experiencing health problems with the propensity for complications from dental treatment. Many of these medical problems or their treatment render the dental patient immunocompromised and therefore more susceptible to oral and systemic complications including infection, antimicrobial resistance, etc. Dentists and dental hygienists have a responsibility to ensure their patients' health and safety. This course provides practical guidance that will assist clinicians in determining the severity and relative stability of common immunocompromised disorders so course participants will know how to proceed to provide the best possible care and avoid complications. Concise, clinically-focused information will detail the basic disease process for various immunocompromised conditions, along with incidence and prevalence, pathophysiology, signs and symptoms, laboratory findings, currently accepted medical therapies, and recommendations for specific dental management. Dr. Rhodus will provide practical tips to expedite easier detection and management of immunocompromised medical conditions. Ample time will be allotted for Q and A.

## LEARNING OBJECTIVES:

At the conclusion of this educational activity, the participants should be able to:

- Describe the changing epidemiology of immunocompromising medical problems in dental patients
- Review the medical manifestations and treatment options for immunocompromising medical problems in dental patients
- Identify the oral manifestations and potential complications of immunocompromising medical problems in dental patients
- Review the current dental management for patients with immunocompromising medical problems in dental practice

**SATURDAY, MARCH 23, 2019**

**6 HOURS CDE CREDIT**

### LOCATION:

Theatre B, Basic Medical Sciences Building  
745 Bannatyne Avenue  
Winnipeg, MB  
University of Manitoba

**REGISTRATION: 0830 – 0900**

Continental breakfast and light lunch provided

### REGISTRATION FEE:

**DENTIST - \$295**  
**DENTAL HYGIENISTS/THERAPIST - \$135**  
**DENTAL ASSISTANTS/OTHER - \$95**

**ALSO AVAILABLE TO PAID REGISTRANTS VIA LIVESTREAM • FEES AS ABOVE**

Connection information will be emailed to you after March 4.

**REGISTRATION DEADLINE: March 9, 2019**

# DENTAL MANAGEMENT OF THE IMMUNOCOMPROMISED PATIENT

SATURDAY, MARCH 23, 2019

## REFUND POLICY:

Registrants can receive a refund provided they give written notice no later than fourteen (14) days prior to the event. An administration fee of \$50 will be retained to cover staff costs of processing refunds and other costs associated with cancellations.

If written or verbal notice of withdrawal is received from a registrant less than fourteen (14) days prior to the date of the event requests for refund will be assessed on a case-to-case basis and are at the discretion of the Office of Continuing Competency and Assessment.

The University of Manitoba Office reserves the right to cancel or postpone any educational program due to an insufficient number of registrations. The decision to cancel will normally be made at least fourteen (14) days prior to the program date. Each registrant will be notified by email and provided with a full refund of all registration fees. The University of Manitoba is not liable for any loss, damages or other expenses that such cancellations may cause, including, but not limited to, non-refundable airline fares, hotel penalties or lost income.

## DISCLAIMER:

The information presented in continuing education courses offered at the University of Manitoba are for educational purposes and not intended to supersede the professional judgement of participants in rendering patient care. Participants are cautioned about the dangers of incorporating techniques and procedures into their practices without adequate clinical experience.

Institutions of dental education have an obligation to disseminate new knowledge and training related to dental practice. Some courses may include controversial materials, philosophies of practice, or commercial references. When a company sponsors a continuing dental education course at the University of Manitoba, this does not imply that the University of Manitoba endorses a particular philosophy, procedure or product.

## STUDY CREDITS

This course is designed for up to **6 hours** of Continuing Dental Education Credits.

Rady Faculty of Health Sciences, University of Manitoba  
Nationally Approved PACE Program Provider for FAGD/MAGD credit.  
Approval does not imply acceptance by any regulatory authority or AGD endorsement. Provider ID# 214210 AGD Code 754  
The current term of approval extends from July 1, 2018 to June 30, 2022.

## DISCLOSURE OF CONFLICTS OF INTEREST:

In keeping with accreditation guidelines, instructors participating in our programs are required to disclose to the audience any involvement with industry or other organizations that may potentially influence the presentation of the educational material.

## ACCESSIBILITY:
