

CARDIOLOGY DAY

SEPTEMBER 27, 2019 0830 - 1600

Frederic Gaspard Theatre, Basic Medical Sciences Building, University of Manitoba

Cardiovascular disease continues to be a major disease burden in terms of both mortality and health related quality of life, and is an important source of health inequalities between populations in Canada. This one-day program will provide an overview of controversies and uncertainties in the areas of treatment and intervention of cardiovascular disease.

AGENDA

0800 - 0825 Light breakfast and check in

0825 - 0830 Welcome and introductions – Andrew Morris MD FACC

0830 - 0930 Challenges in the office

My patient is confused about ablation – Alex Tischenko MD FRCPC
