

TEACHING IMPROVEMENT PROGRAMS (TIPS)

WEDNESDAY & THURSDAY, MAY 13-14, 2020

8:00 AM - 4:30 PM • Apotex Centre • Bannatyne Campus

Teaching Improvement Programs (TIPs) is an intensive two-day workshop which includes presentations, discussions and individual work. The workshop content is grounded in educational theory which is applicable across all disciplines and specializations. A practical and focused approach is taken to incorporate theory into practice so that participants complete the workshop with knowledge and skills they can apply in their teaching roles. Workshop objectives are achieved through the experience of defining learning objectives and planning a condensed instructional session known as a 'microteach'.

This workshop is based on the Teaching Improvement Project System developed by the Centre for Learning Resources, College of Allied Health Professionals, University of Kentucky, through grants from the WK Kellogg Foundation. Since its inception in 1975, this program has reached thousands of educators in Canada and the United States. The University of Manitoba became a program site in 1993. Modifications and updates to the original program were completed at the University of Manitoba in 1999 and 2012.

TO REGISTER: <https://www.cpd-umanitoba.com/events/faculty-teaching-improvement-programs-tips-may-13-and-14-2020/>

REGISTRATION FEE: \$450.00 (Includes course materials, continental breakfast, and lunch, on both days.)

TEACHING IMPROVEMENT PROGRAMS (TIPS)

WEDNESDAY & THURSDAY, MAY 13-14, 2020

8:00 AM - 4:30 PM • Apotex Centre • Bannatyne Campus

Course Objectives

Following completion of this course, the participants will be able to:

- plan and organize an instructional session in any setting,
- formulate instructional objectives appropriate to their own setting,
- apply presentation techniques in their own setting,
- formulate questions that promote thinking,
- use methods that help students become active participants, and
- evaluate their teaching behaviours.

Office of Educational and Faculty Development

A resource for promoting excellence in teaching and scholarship across the continua of health professions education.

We engage in and support curriculum development and innovation; educational research and program evaluation; and faculty development activities that assist faculty members in their roles as educators, researchers and administrators.
